

We've got some clout in this town  
So peace out  
We've got friends  
On practically every single street  
I've seen every block  
From the bottom to the top  
And always landed on my feet  
From highland to hollywood  
Beacon to birch  
Hacker our to salisbury  
Main south to maywood  
Canterbury to church  
I always find good times  
Wherever I go  
Time after time  
After time after time after time  
It's not a mystery  
I think it's friday night  
And my vision is kinda blurry  
My speech is slurry  
And I'm drinking like  
I'm in some kind of hurry  
Down at ralph's  
We got the crew there  
Yeah we're all here  
So good to see ya  
I hate to leave ya  
I live up every moment  
Wherever I go  
I take a piece of my home with me  
Wherever I go
