

Colder

Smash Into Pieces

You lead, I'll dance
the way you want me to
A sad romance
It's all or nothing

It was you and me
working perfectly
as long as I would sing your song

Now you want it all
You can have it all
Old smiles are gone

I am getting colder and colder
The games are never over
I don't wanna play no more
I don't know what I'm waiting for
I can't live my life like this no more
I'm colder - colder

You can pretend
that you don't need me now
From gold to sand
It's all or nothing

You'll be falling down
when I'm not around
I know you need me to play along

Though I know it's wrong
I keep hanging on
Old smiles are gone

I am getting colder and colder
The games are never over
I don't wanna play no more
I don't know what I'm waiting for
I can't live my life like this no more
I'm colder - colder

Nothing left to say to you now
Just go away
I still hear your worn-out phrases
inside my head
Only lies and happy faces
To me, you're dead
Still I need a dance with you again

I am getting colder and colder
The games are never over
I don't wanna play no more
I don't know what I'm waiting for
I can't live my life like this no more
I'm colder - colder
