

# Better with Time

Smash Mouth

Oh oh, oh oh, oh  
Oh oh, oh oh, oh

It's like tryin' to make somebody love you back  
When they're so over that  
And you know that they know it  
No use in trying not to face the facts  
It's a heart attack  
And you don't wanna blow it but

Some things are better off in bed  
Some dreams are better left for dead  
Sometimes I have to shut my mouth

Ain't no how  
Sun just ain't gonna shine  
I know now,  
Not gonna change your mind  
Done is done,  
I should've seen the signs  
I'm out of your head,  
It ain't gonna get  
Better with time,  
Oh oh, oh oh, oh  
Better with time  
Oh oh, oh oh, oh

Sometimes you wake up in the morning light  
Wanna make it right,  
Just resuscitate it  
You think tomorrow's gonna do the trick  
What's broken you can fix  
Cause you know how to play it but

Some things are better off in bed  
Some dreams are better left for dead  
Sometimes I have to shut my mouth

Ain't no how  
Sun just ain't gonna shine  
I know now,  
Not gonna change your mind  
Done is done,  
I should've seen the signs  
I'm out of your head,  
It ain't gonna get  
Better with time,  
Oh oh, oh oh, oh  
Better with time  
Oh oh, oh oh, oh

I never fit in from the start,  
You said you knew you'd break my heart  
But I wouldn't listen  
Now I'm standing in the rain  
Like a picture in a frame  
And you're the one who's missing

Ain't no how  
Sun just ain't gonna shine  
I know now,  
Not gonna change your mind  
Done is done,  
I should've seen the signs  
I'm out of your head,  
It ain't gonna get

Ain't no how  
Sun just ain't gonna shine  
I know now,  
Not gonna change your mind  
Done is done,  
I should've seen the signs  
I'm out of your head,  
It ain't gonna get  
Better with time,  
Oh oh, oh oh, oh  
Better with time  
Oh oh, oh oh, oh
