## You Are My Number One

## **Smash Mouth**

Hold me down
I'm gonna fly straight to heaven
Hold me down
Don't ever let go
I've been around
You know I can't stay forever
And when I leave
I want you to know -

When I'm finally gone, I'm gonna be gone without a trace There's a lot of good times ahead before we're done And on top of this list of things before I leave this place You are my number one, yes you are my number one

Cause you can tell me lies, you know that I'd still believe you (say wha?)

Stay right here don't leave from that spot (come right back her e my girl)

I can't go, you know I'm afraid to leave you
Don't you know? you're all that I've got
I'm afraid if you go you might disappear behind a mist
And I'd rather be hung from a tree or shot by a gun
And of all of these things that matter here upon my list
You are my number one, yes you are my number one

You are my number one (say so)
Trying to make it clear (good gosh)
Trying to let you know
When you're afraid
I'm gonna be there...

When I'm finally gone, I'm gonna be gone without a trace There's a lot of good times ahead before we're done And and on top of this list of things before I leave this p lace

You are my number one Yea you are my number one Whoa baby, said you are my number one You are my number one
