

Good For You

SMASH

If you start the party,
Don't end up leaving early.
Cause I've been waiting for you all night long.
If you're falling,
I'll make it easy for you.
Cause I've been waiting for that all night long.

You've got me dizzy,
It's quite a show.
With all this spinning,
I won't let me, let you go.

Oh I, Oh I,
Think I could be good for you.
I could be good for you.

Oh yeah

If you paid the DJ
Don't waste another dance tune
Come on over while they play our song.
Make conversation
Don't waste on with excuses
Cause their useless and I've been waiting all night long

You've got me dizzy,
It's quite a show.
With all this spinning,
I won't let me, let you go.

Oh I, Oh I,
Think I could be good for you.
I could be good for you.

I, Oh I
Think I could be good for you
I could be good for you.

Stand up I won't mess around
And I'm tired of all this playing.
And I'm over backing down,
until I get my way.
Too bad I'm not giving up,
Not one for taking it slow.
See when it's all said and done,
that you're ready to go.

oooooo
oooo

We push apart and,
Play the game,
who are we to say no anyway?

Oh I, Oh I,
Think I could be good for you.
I could be good for you.

I, Oh I
Think I could be good for you
I could be good for you.

I, I
Oh, I could be good for you
Oh, I could be good for you.

Oh, I
Oh, yeah
Ooooo
yeah, Yeah
