I could be good for you.

If you start the party, Don't end up leaving early. Cause I've been waiting for you all night long. If you're falling, I'll make it easy for you. Cause I've been waiting for that all night long. You've got me dizzy, It's quite a show. With all this spinning, I won't let me, let you go. Oh I, Oh I, Think I could be good for you. I could be good for you. Oh yeah If you paid the DJ Don't waste another dance tune Come on over while they play our song. Make conversation Don't waste on with excuses Cause their useless and I've been waiting all night long You've got me dizzy, It's quite a show. With all this spinning, I won't let me, let you go. Oh I, Oh I, Think I could be good for you. I could be good for you. I, Oh I Think I could be good for you I could be good for you. Stand up I won't mess around And I'm tired of all this playing. And I'm over backing down, until I get my way. Too bad I'm not giving up, Not one for taking it slow. See when it's all said and done, that you're ready to go. 000000 0000 We push apart and, Play the game, who are we to say no anyway? Oh I, Oh I, Think I could be good for you.
