## The Smashing Pumpkins

Anaise! Anaise!  
Need a captive's code  
In a word, a word  
I can't let go

I need you so, you haunt me  
Anaise

In the fines a sign of lonely ones  
And you're here to mash  
What's done is done  
It's simply known despite of all  
Anaise

Ooh, what must count as fools for lovers?  
Ooh, send this on the way

Lovers let me hear from you  
As you all go under  
Anaise  
Love you, Anaise

Anaise! Anaise!  
What's thread is thrown  
All your times lack hearts and lace still on  
And [?] and now don't you  
Anaise

Ooh, what should count as tools for lovers?  
Ooh, send this by the way

Lovers let me hear from you  
As you go asunder  
Ooh, send this by the way

If I could erase her, suppose I did  
Lost to brace against her wind  
Imagine will twilight [?]  
Oh, just stand with me in place

Ooh, what becomes of us as lovers?  
Ooh, send this by the wind

Lovers let us hear from you  
As you all go under  
Anaise  
Love you, Anaise (ooh)  
Love you, Anaise (ooh)  
Love you, Anaise (ooh)  
Love you, Anaise (ooh)  
Love you, Anaise
