

## Bleed

The Smashing Pumpkins

it's all i wanted  
it's all i could see  
you can watch me bleed  
daylight comes and washes over me, me  
take what you have wanted  
this is not your cross to bear  
and the someone beside you  
what they want is in what they see, see  
feeling it in your heart  
was more than i could see  
it's all i wanted  
it's all i could see  
and the something inside you  
daylight comes and washes over me, me  
feeling it in your heart  
was more than i could see  
feeling it in your hearts  
was more than i could see  
one and two is three
