

Blew Away

The Smashing Pumpkins

Blew, blew, away, but I don't want a thing
Blew, blew-oo-hoo, blew-oo-ooo
And if you love her, you know it will come true
And if you need her, you know that she'll be there
Stay awake, I lie here, with her and the phone
When I wake, inside you, I know you know, that I've lied...

Blew, blew, away, but I don't want a thing
Blew, blew-oo-hoo, blew-oo-ooo
And if you're sad too, but until the angel sings and touches you
Don't confuse, my only life
I said blew-oo-ooo, and please don't ever leave
And I will grieve, and remember the hope to meet you there, renewed...

And I wanna let her know, that I won't let her go
I-hiii wanna let her know, that I love you so
And blew, blew, blew-oo-hoo, away-y
But I don't wanna thing
Blew-hoo, I love you, blew-oo-hoo...
