

## Bodies

The Smashing Pumpkins

Cast the pearls aside, of a simple life of need  
Come into my life forever  
The crumbled cities stand as known  
Of the sights you have been shown  
Of the hurt you call your own  
Love is suicide

The empty bodies stand at rest  
Casualties of their own flesh  
Afflicted by their dispossession  
But no bodies ever knew  
Nobodys  
No bodies felt like you  
Nobodys  
Love is suicide

Now we drive the night, to the ironies of peace  
You can't help deny forever  
The tragedies reside in you  
The secret sights hide in you  
The lonely nights divide you in two  
All my blisters now revealed  
In the darkness of my dreams  
In the spaces in between us  
But no bodies ever knew  
Nobodys  
No bodies felt like you  
Nobodys  
Love is suicide
