

Cash Car Star

The Smashing Pumpkins

You gotta understand
You gotta understand
It's just a fact
That you must attack
You gotta get it while you can
Well, everyone's gonna be a big star
Everyone's gonna drive a fast car
Everyone's gonna be in charge
Because everybody's business
Is everybody's business
Yeah, we hope you'll understand
Yeah, it's just a master plan
No, just coming down for you
My baby's got three eyes
My baby's got three eyes
She holds her hands
Behind her back
She's got a big surprise
Well, everyone's gonna be a big star
Everyone's gonna drive a fast car
Everyone's gonna be in charge
Because everybody's business
Is everybody's business
Yeah, we hope you'll understand
Yeah, it's a master plan
Yeah, we're coming down for you
Yeah, we're coming to your town
Yeah, we'll help you party down
Yeah, we're an American band for you
You gotta understand
You gotta understand
It's just a fact
That you must attack
You gotta get it while you can
Everyone's gonna be a big star
Everyone's gonna drive a fast car
Everyone's gonna be in charge
Because everybody's business
Is everybody's business
Well, everyone's gonna be a big star
Everyone's gonna drive a fast car
Everyone's gonna be in charge
Because everybody's business
Is everybody's business
Everyone's business
Is everyone's business
Everyone's business
Is everyone's business
