### The Smashing Pumpkins

I'm so alone, I'm so alone, I'm thinking  
I'm so alone, I can't get old  
I'm so alone, I'm so alone, I can't get it off of you

For you love yourself  
For you love yourself and no-one else  
buried in yourself  
Come on baby, no time for maybes  
one last trip to hell

Come on, come on, come on,  
Can you feel it?  
Come on, come on, come on,  
Can you feel it glowing you? slowing you?  
Is it glowing you?

I'm so alone, I'm so alone, I'm sinking  
I'm so alone, I can't get lost for you

For you love yourself  
For you love yourself and no-one else  
buried in yourself  
come on baby, you drive me crazy,  
one last trip to hell

Come on, come on, come on,  
Can you feel it?  
Come on, come on, come on,  
Can you feel it glowing you? slowing you?  
is it glowing you?

It's not strange  
you are the same from me

It's not strange  
I'm so strange  
released

Come on, come on, come on,  
Can you feel it?

(repeat)

Come on, come on, come on,  
Can you feel it glow?
