

I fear that I am ordinary  
Just like everyone  
To lie here and die  
Among the sorrows

Adrift among the days  
For everything I ever said  
And everything I've ever done  
Is gone and dead

As all things must surely have to end  
And great loves will one day have to part  
I know that I am meant for this world

My life has been extraordinary  
Blessed and cursed and won  
Time heals but I'm forever broken  
By and by the way

Have you ever heard the words  
I'm singing in these songs?  
It's for the girl I've loved all along  
Can a taste of love be so wrong?

As all things must surely have to end  
And great loves will one day have to part  
I know that I am meant for this world

And in my mind as I was floating  
Far above the clouds  
Some children laughed I'd fall for certain  
For thinking that I'd last forever

But I knew exactly where I was  
And I knew the meaning of it all  
And I knew the distance to the sun  
And I knew the echo that is love

And I knew the secrets in your spires  
And I knew the emptiness of youth  
And I knew the solitude of heart  
And I knew the murmurs of the soul

And the world is drawn into your hands  
And the world is etched upon your heart  
And the world, so hard to understand  
Is the world you can't live without

And I knew the silence of the world  
And I knew the silence of the world  
And I knew the silence of the world  
And I knew the silence of the world  
And I knew the silence of the world
