

# One Diamond, One Heart

The Smashing Pumpkins

I'm not here to hold your hand  
I'm just here to understand  
If you're feeling low I can help  
I'm always on your side  
Forever near your light  
I'm always on your side  
However you must fight  
Within your darkest night  
I'm always on your side

Lover as lonely as lanterns lost  
Show me faith's real cost  
I'm always on your side  
Forever near your light  
I'm always on your side  
Wherever you must fight  
Within the darkest night  
I'm always on your side  
They won't rush you from me  
'Cause here I'll always be  
I'm always on your side  
Forever near your light

I'm not here to hold you down  
I'm not here to love you when  
Your stars align and you let me and your heart win  
I'm always on your side  
Forever near your light  
I'm always on your side

Lover, teach me sweet command  
Show me where I land  
I'm always on your side

I'm always on your side  
Forever near your light  
I'm always on your side  
However you must fight  
Within your darkest night  
I'm always on your side  
With evidence of trust  
And eminence of love  
I'm always on your side  
Capitulate and fade  
Resurrect and break  
I'm always on your side  
Forever near your light

I'm always on your side  
Lover, light the way
