

Mother Moon  
Mistress of the Sun  
Say, I got you, I got you  
Sister Sun  
Lovers of the tune  
Sing, I got you, I got you, I got you

Floating away, I think I'll stay  
[As the view]  
Floating away, I think I'll stay in blue light  
Floating away, I think I'll stay  
Next to you  
Finding a way to make the loss in you  
Cuz you don't deserve me  
I know, that I deserve you

Mother Moon  
Mistress of the Sun, Say,  
I got you, I got you  
Sister Sun  
Lovers of the tune, Sing  
I got you, I got you  
Mother Moon  
Mistress of the Sun, Sing  
I got you, I got you  
Oh I got you  
Oh I got you  
Mother Moon

Floating away, I think I'll stay  
[As the fuse]  
Floating away, I think a day with you  
Floating away, I think I'll stay  
Next to you  
Finding a way to make the loss in you  
Cuz you don't deserve me  
But I deserve you  
Flowers for the May Queen  
But life for the prayers  
If nobody wears  
And what is loss, if I've got you
