Saturnine

The Smashing Pumpkins

To the ages I am speaking Creatures I am sky Bloody simple features Everyone chooses sides

We are inside
We are inside now
We are inside
We are inside

Saturnine
How'd I'd love to waste your time
Saturnine
Saturnine

Goodbye all you widows
Tearstain on the name
Blessed to the many
Who are seeking some relief

Saturnine
How I'd love to waste your time
Saturnine
Saturnine
Saturnine
You are waiting on a sign

Camera take this picture The wreckage is outside We have all forgotten We are losing light

We are inside
We are inside now
We are inside
We are inside
You always run
'Cause you'll never find
Saturnine
