

## Shame

The Smashing Pumpkins

You're gonna walk on home  
You're gonna walk alone  
You're gonna see this through  
Don't let them get to you

Shame

Love is good and love is kind  
Love is drunk and love is blind  
Love is good and love is mine  
Love is drunk all the time

Shame

You're gonna walk on home  
You're gonna walk alone  
You're gonna walk so far  
You're gonna wonder who you are

Shame

Love is good and love is kind  
Love is good and love is blind  
Love is good and love is mine  
Love is good all the time

Hello goodbye, you know you made us cry...
