Shame

The Smashing Pumpkins

You're gonna walk on home You're gonna walk alone You're gonna see this through Don't let them get to you

Shame

Love is good and love is kind Love is drunk and love is blind Love is good and love is mine Love is drunk all the time

Shame

You're gonna walk on home
You're gonna walk alone
You're gonna walk so far
You're gonna wonder who you are

Shame

Love is good and love is kind Love is good and love is blind Love is good and love is mine Love is good all the time

Hello goodbye, you know you made us cry...
