

## Soothe

The Smashing Pumpkins

Hungry, hungry again  
Hungry, hungry again  
When will it start to sway  
When will it start to almost break you  
Hungry, hungry again  
Hungry, hungry again

I'll miss you  
And I don't wish you bad  
Well, I forgive you  
And I don't wish you away, away, away  
It'll almost break you  
Almost take you  
Almost break you  
Almost break you up
