

## Spaceboy

The Smashing Pumpkins

Feel it  
Break your bones  
Mr. Jones

Taste me  
As I bleed  
Taste my need

And spaceboy I've missed you  
Spinning round my head  
And any way you choose me  
You'll break instead

Watch me  
Death defy  
Defile my life

I don't need  
I don't care  
Please

I want to go home  
I want to go home  
I want to go home  
I want to go home  
'cause when a lover aches  
That's when a lover breaks  
I want to go home  
I want to go home

And spaceboy they'll kill me  
Before I'm dead and gone  
And any way you choose me  
It won't be wrong  
And any way you choose me  
We won't be long

We won't be long  
We won't be long  
We won't be long  
We won't be long  
We won't be long
