We Only Come Out at Night

The Smashing Pumpkins

We only come out at night, the days are much too bright We only come out at night And once again, you'll pretend to know me well, my friends And once again, I'll pretend to know the way Thru the empty space Thru the secret places of the heart We only come out at night, the days are mush too bright We only come out at night I walk alone, I walk alone to find the way home I'm on my own, I'm on my own to see the ways That I can't help the days, you will make it home o.k. I know you can, and you can We only come out at night, the days are much too bright We only come out at night And once again, you'll pretend to know that There's an end, that there's an end to this begin It will help you sleep at night It will make it seem that right is always right Alright? We only come out at night
