

# Whir

## The Smashing Pumpkins

1. I've wasted all my years  
Been chasin' all my fears  
For another Brighter than you

2. I gave in long ago  
To make it to the show  
It's not easy When you're alone

X: All your prayers  
In my ears  
Don't you care?

R: Whir yourself around  
Just to fall back down  
Whir yourself around

3. My harlot/ honey little girl  
C'mon lets go for a whirl  
It's too early Sun is sleeping

4. She says she wants to marry me  
She says she wants a baby  
It's not easy When you're scared

R: Whir yourself around...

X: All your prayers...
