

# Wildflower

The Smashing Pumpkins

Wasted along the way  
I'm wasted along the way  
I'm wasted along the way to reach you  
Wasted along the way  
I'm wasted along the way  
I'm wasted along the way to reach you  
Infernal ideas  
I trim the wick so fine  
To carry forth your light  
Comfort me  
What will leave will leave  
Comfort me to stem the tide  
Wasted along the way  
I'm wasted along the way  
I'm wasted along the way to reach you  
Wildflower in the wilderness outside  
take your chance with love and laughter  
And every word I write, yeah  
From that body will never learn  
When it's far too gone I'd move on  
Wasted along the way  
Wasted along the way  
I'm wasted along the way to reach you  
Wasted along the way  
Wasted along the way  
I'm wasted along the way to reach you

Ooh wildflower, wildfower  
Ooh wildflower, wildfower  
Ooh wildflower, wildfower  
Ooh wildflower, wildfower
