

# Wound

The Smashing Pumpkins

There you are  
As you always were  
In bathing light  
And naked blur  
You're a part of me  
Eternal One  
By grand design  
And setting sun  
If you wait I will wait  
Taste I will taste  
If you love I will love  
Run I will run  
To my last breath  
Last night I turned around and thought I saw myself turning  
Inside the strangest dream of life unloved and cities burning  
Awake in my arms  
You cry unharmed  
Our age of the hours  
While they still devour all  
So take it all  
I doubt if we  
Will know it's gone  
Cause we've been here  
Since time began  
Begged god awake and make these plans  
Wound opens  
Reveal this broken man  
And soon there's notions of blood on his hands  
If you wait I will wait  
Taste I will taste  
If you love I will love  
Run I will run  
To my last breath  
Last night I turned around I thought I saw myself turning  
Last night I turned around and thought I watched the world ending  
Inside the crushing down I felt a pang the tide was turning  
Destroyed in the wake  
The jealous ingrates  
Who'll tear this world down  
To spite god above  
With his own love  
With his own love  
If you wait  
If you wait  
If you wait I will wait  
Taste I will taste  
If you love I will Love  
Run I will run  
To my last breathe
