

Around The World

SMiLE.dk

I always thought that I could make it on my own
And so I ended up a heart without a home
And I was nothing but a lover on the run
Till I found you

All the places, all the faces, each and every day
My heart was hungry and you seemed so far away
And I was nothing but a lover on the run
Till I found you

'Cause I've been
'Round the world and back again, but now I know
Many miles I've travelled to your heart
Waited for so long and now I can't let go
Guess I should have known from the start

Spent so many days trying to find a sign
How was I to know I had it all the time
I'll no longer be a lover on the run
'Cause I've found you

'Cause I've been
'Round the world and back again, but now I know
Many miles I've travelled to your heart
Waited for so long and now I can't let go
Guess I should have known from the start

(Haa aaaah haaa aaaah)
Always thought that I could make it on my own
(Haa aaaah haaa aaaah)
So I ended up a heart without a home

Been around the world and now I know
I travelled to your heart
Waited for so long and now I can't let go

'Cause I've been
'Round the world and back again, but now I know
Many miles I've travelled to your heart
Waited for so long and now I can't let go
Guess I should have known

'Cause I've been
'Round the world and back again, but now I know
Many miles I've travelled to your heart
Waited for so long and now I can't let go
Guess I should have known from the start
