

Do You?

SMiLE.dk

Do you? Do you want me?
Do you love me?
Forever and ever
Do you? Do you need me?
Never leave me
When we are together

Come on baby, I love you so
It really drives me crazy
Really drives me crazy

Come on baby, I gotta know
Show me some affection
Give me some reaction

A-ha Stop kidding me
Oh yeah, stop fooling me
A-ha stop using me
Whats it gonna be?

Do you? Do you want me?
Do you love me?
Forever and ever
Do you? Do you need me?
Never leave me
When we are together

Come on baby, just let it go
Is this mutual attraction
Waiting for some action?

Come on baby, I want you so
Everything I do, I do it all for you, so

A-ha Stop kidding me
Oh yeah, stop fooling me
A-ha stop using me
Whats it gonna be?

Do you? Do you want me?
Do you love me?
Forever and ever
Do you? Do you need me?
Never leave me
When we are together
(2x)

Stop kidding me
Stop fooling me
Stop using me
Whats it gonna be?

Do you? Do you want me?
Do you love me?
Forever and ever
Do you? Do you need me?
Never leave me

Cause we are together

Do you? Do you want me?

Do you love me?

Forever and ever

Do you? Do you need me?

Never leave me

Oh, dont ever leave me alone!
