

## Someday

SMiLE.dk

Sitting in my room, dreaming about you  
Every single day, in every single way  
I always lose control, when I think about you  
Every single day, in every single way

When you go out, I wave goodbye  
My heart, it stops, I start to cry  
When you come home, I wave hello  
I feel my heartbeat coming back slow

I wish upon a star  
I hope it wont be far  
Someday, someday  
Our lips will be as one  
Beneath the golden sun  
Someday, someday

A picture on the wall, and I cant live without you  
Every single day, in every single way  
Someday my wish-come-true, and I will be around you  
Every single day, in every single way

When you go out, I wave goodbye  
My heart, it stops, I start to cry  
When you come home, I wave hello  
I feel my heartbeat coming back slow

I wish upon a star  
I hope it wont be far  
Someday, someday  
Our lips will be as one  
Beneath the golden sun  
Someday, someday

I wish upon a star  
I hope it wont be far  
Someday (someday), someday  
Our lips will be as one  
Beneath the golden sun  
Someday (someday), someday

When you go out, I wave goodbye  
My heart, it stops, I start to cry  
When you come home, I wave hello  
I feel my heartbeat coming back slow

I wish upon a star  
I hope it wont be far  
Someday, someday  
Our lips will be as one (Oh, yeah!)  
Beneath the golden sun  
Someday (someday), someday

I wish upon a star  
I hope it wont be far  
Someday (someday), someday (Oh, yeah!)  
Our lips will be as one

Beneath the golden sun  
Someday (someday), someday
