

One o clock, two o clock, all the seconds passing by  
Three, four, five o clock, minutes gone up to the sky  
Six, seven, eight o clock, to the hours say good-bye  
Nine and ten o clock, when will it ever stop?

One o clock, two o clock, all the seconds passing by  
Three, four, five o clock, minutes gone up to the sky  
Six, seven, eight o clock, to the hours say good-bye  
Nine and ten o clock, when will it ever stop?

Got to hurry up, no time for breakfast in bed  
The clock goes tic toc-tac, Ill fix my make up instead  
Clothes are all around and Ive got nothing to wear  
Its going tic toc-tac, I have to do my hair!

Oh, I only wish I had a little time Im going crazy  
Shopping, talking on the phone, my favorite line  
Making me happy!

One o clock, two o clock, all the seconds passing by  
Three, four, five o clock, minutes gone up to the sky  
Six, seven, eight o clock, to the hours say good-bye  
Nine and ten o clock, when will it ever stop?

Im so busy, makes me dizzy, spinning around  
The clock goes tic toc-tac, my world is upside down  
Running out the door, oh here Im already late  
The clock goes tic toc-tac, I have a cab on my way

Oh, I only wish I had a little time Im going crazy  
Shopping, talking on the phone, my favorite line  
Making me happy!

One o clock, two o clock, all the seconds passing by  
Three, four, five o clock, minutes gone up to the sky  
Six, seven, eight o clock, to the hours say good-bye  
Nine and ten o clock, when will it ever stop?

Tic-tock tic-tock, oh whoa-oh-whoa-oh-whoa  
Tic-tock tic-tock, clock is ticking much too fast!  
Tic-tock tic-tock, oh-whoa-oh-whoa-oh-whoa  
Tic tock tic-tock, say how can you make it last?

One o clock, two o clock, all the seconds passing by  
Three, four, five o clock, minutes gone up to the sky  
Six, seven, eight o clock, to the hours say good-bye  
Nine and ten o clock (Making me happy!)
