

## Finding Myself

Smile Empty Soul

I don't care anymore if I let you down  
I believe that I need to be free  
I'm so used to my life with you around  
I don't know anymore the real me

And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you

All these tears that I've cried you must be tired of  
Taking care of me but  
It's what you do best and I'm a liar cuz  
Really it's what I need

And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you

Someone like you  
Someone like me  
Maybe it's change  
That sets you free  
Free

And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you
