

Finding Myself

Smile Empty Soul

I don't care anymore if I let you down
I believe that I need to be free
I'm so used to my life with you around
I don't know anymore the real me

And I thought that I found myself today
And I thought that I had control
All the change in my life just fell away
For a moment I didn't need you

All these tears that I've cried you must be tired of
Taking care of me but
It's what you do best and I'm a liar cuz
Really it's what I need

And I thought that I found myself today
And I thought that I had control
All the change in my life just fell away
For a moment I didn't need you

Someone like you
Someone like me
Maybe it's change
That sets you free
Free

And I thought that I found myself today
And I thought that I had control
All the change in my life just fell away
For a moment I didn't need you
