

Hollywood

Smile Empty Soul

A puddle full of trash all fighting for,
Everything you've ever dreamed and more,
I'm gonna be so huge one day you'll see,
This waiting job is only temporary

Yell it on the roof,
Stop and smell the marigolds
Yell it on the roof,
Let's all move to Hollywood.

Fuck you, you want some fuck-faced shit?
You stupid motherfucker, why don't you eat a dick?
You can't handle this, because I'm ready to die,
Go to Hollywood get hella high.
With a bunch of bitches with my nuts in they mouth,
Rollin down the I-5 goin' south.
Makin' records, you can't fuck with that.
In Los Angeles where the fuckin' beats be phat
And the girls be fine,
They fuckin' blow your mind.
And the cush be kind,
The music makes you press rewind.
It's about time, I'm ready to go,
Pull the fuck up and rock this show.

Yell it on the roof,
Stop and smell the marigolds
Yell it on the roof,
Let's all move to Hollywood

A puddle full of trash all fighting for,
Everything you've ever dreamed and more
I'm gonna be so huge one day you'll see,
This waiting job is only temporary

Yell it on the roof,
Stop and smell the marigolds
Yell it on the roof,
Let's all move to Hollywood
