

Jesus Is the Manager at Wal-Mart

Smile Empty Soul

Come on in little one but remember where you are
Hold your thought and your tongue and grab yourself a kart
To fill with all the shit that keeps you on your knees
And if you lead a life of sin, when you're here pretend your clean

Because Jesus is the manager at walmart
Because Jesus is the manager at walmart
He freed us from our sins, and gave the world a new start
And now Jesus is the manager at walmart

Close your mind with the door to keep the demons out
Everyone in the store has has shut thier little mouths
Except when to say, "look how much we saved"
And all we have to do is smile, while our minds decay

Because Jesus is the manager at walmart
Because Jesus is the manager at walmart
He freed us from our sins, and gave the world a new start
And now Jesus is the manager at walmart

And if you say, he died for you, you'll be saved
And if you say, he died for you, then you'll save

Close your mind with the door
Close your mind with the door

Because Jesus is the manager at walmart
Because Jesus is the manager at walmart
He freed us from our sins, and gave the world a new start
And now Jesus is the manager at walmart
