

# Never Again

Smile Empty Soul

I need to give up all my hate  
It's only seem to every do  
Is put me deeper in the grave

You only bottle up my rage  
But I need to let it out  
Because all it ever does is put me in a cage

And I don't know how this world can be so cold  
It hurts me no one really care that your alone  
And I don't know how I always seem to let it get the best of me

But I'm never gonna let it beat me down again  
No, I'm never gonna let it beat me down again

Lately I've been so stressed out  
'Til I couldn't even breathe  
And now I'm shaking on the ground

A side of me is a dark cloud  
And it needs to be released  
So it can change what I'm about

And I don't know how this world can be so cold  
It hurts me no one really care that your alone  
And I don't know why I always seem  
To let it get the best of me

But I'm never gonna let it beat me down again  
Never gonna let it beat me down again

Can you see that I really wanna change  
Can you see that I've opened up my cage  
Can you see that now I'm not afraid

Can you see that

And I don't know how this world can be so cold  
It hurts me no one really cares that your alone  
And I don't know why I seem to always let it get the best of me

But I'm never gonna let it beat me down again  
Never gonna let it beat me down again  
Never gonna let it beat me down again  
Never gonna let it beat me down again
