

Perfect Scene

Smile Empty Soul

I'm not scared
But it's only make believe
I'm not sad
I'm not bad
But I have to (have a dream?)

(Dream...?)

When I dream
Of you there
And I wake up
And I'm scared
Close to my dream
I can't breathe
And I wonder

Wonder.

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep.

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep

The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep
The other night I just couldn't stop crying
And I sat in the corner cause I could not sleep.

(Could sleep?)
(Could sleep?)
(Could sleep?)
(Could sleep?)
