

Sitting Ducks

Smile Empty Soul

Shut down
Fall in
Weak mind
Thick skin

And we squawk like silly birds
Making all of our noises
Though we may be sitting ducks
We've got all of our poisons
All of our poisons in a row
In a row

Zone out
Light dim
Lost sight
Can't swim

And we squawk like silly birds
Making all of our noises
Though we may be sitting ducks
We've got all of our poisons
All of our poisons in a row
A row, in a row
In a row, a row
In a row

And we squawk like silly birds
Making all of our noises
Though we may be sitting ducks
We've got all of our poisons
In a row
A row, in a row
In a row, a row
In a row
In a row
A row, a row, a row
In a row
