

We're Through

Smile Empty Soul

In your face,
I can see I've let you down
and the error of my ways,
never listen to the sound
when you're crying out in pain

You push me deep
in the river and drown the part of me
forever that loved you
and ever gave a shit about you
so don't be surprised when
I figure it out
I don't want to see you foam at the mouth
when when I tell you that I'm gonna leave you,
we're through

In this place,
you can feel it if you're still every part of me
that aches,
over throwing every will
cause I'm tired of this pain.

You push me deep
in the river and drown the part of me
forever that loved you
and ever gave a shit about you
so don't be surprised when
I figure it out
I don't want to see you foam at the mouth
when when I tell you that I'm gonna leave you,
we're through

I tried to tell myself
that we could work this out
but I was wrong
I'm tried if of this hell,
I think it's time for me
to move on to another one now

You push me deep
in the river and drown the part of me
forever that loved you
and ever gave a shit about you
so don't be surprised when
I figure it out
I don't want to see you foam at the mouth
when when I tell you that I'm gonna leave you,
we're through
