

## We're Through

Smile Empty Soul

In your face,  
I can see I've let you down  
and the error of my ways,  
never listen to the sound  
when you're crying out in pain

You push me deep  
in the river and drown the part of me  
forever that loved you  
and ever gave a shit about you  
so don't be surprised when  
I figure it out  
I don't want to see you foam at the mouth  
when when I tell you that I'm gonna leave you,  
we're through

In this place,  
you can feel it if you're still every part of me  
that aches,  
over throwing every will  
cause I'm tired of this pain.

You push me deep  
in the river and drown the part of me  
forever that loved you  
and ever gave a shit about you  
so don't be surprised when  
I figure it out  
I don't want to see you foam at the mouth  
when when I tell you that I'm gonna leave you,  
we're through

I tried to tell myself  
that we could work this out  
but I was wrong  
I'm tried if of this hell,  
I think it's time for me  
to move on to another one now

You push me deep  
in the river and drown the part of me  
forever that loved you  
and ever gave a shit about you  
so don't be surprised when  
I figure it out  
I don't want to see you foam at the mouth  
when when I tell you that I'm gonna leave you,  
we're through
