

Who I Am

Smile Empty Soul

Another night again
Another journey without friends
Another fight to wish away the loneliness I live

Another circus show
Another face that I don't know
Another night of people asking what I have to give

I thought that I would drown
But it's OK right now

No one knows the way I feel a part of me I have to fight
Buried somewhere deep beneath my skin
The emptiness in me is faded
And I can see my life is waiting
Now I know I'm living for who I am (2x)

The fire grows inside
The feeling cannot be denied
when everywhere I turn there's signs because they push me

And all has fallen down
But it's OK right now

No one knows the way I feel a part of me I have to fight
Buried somewhere deep beneath my skin
The emptiness in me is faded
And I can see my life is waiting
Now I know I'm living for who I am

And everything seems great and everyone is fake
No one really knows you
Look into their eyes
Rip off your disguise
Let them see the real you

No one knows the way I feel a part of me I have to fight
Buried somewhere deep beneath my skin
The emptiness in me is faded
And I can see my life is waiting
Now I know I'm living for who I am (2x)
when everywhere I turn there's signs because they push me
