## **Wrecking Ball**

## **Smile Empty Soul**

This is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving up

This is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving up

I'll see you on the next star
I'll meet you at the next part
So bring on the wrecking ball

Get ready for some changes Transitioning of ages So bring on the wrecking ball

This is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving up

This is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving up

Get ready for some changes Transitioning of ages So bring on the wrecking ball

This is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving up
