

Still New

Smith Westerns

No doubt it's you I think and dream about
And oh could it be possible for you to be with me?
And are you glamour amorous?
Shamed-marked eyes make it so obvious
I wanna tell you you're hard to resist
I wanna tell you you're hard to resist
And if this is all that you know,
Don't go in alone
If this is all that you know,
Don't go in alone

Go away, it's time for you to come away
Oh would you think it's hard for me to stay this way?
But are you glamour glamorous?
Shame-marked eyes make it so obvious
I wanna tell you you're hard to resist
I wanna tell you you're hard to resist
And if this is all that you know,
Don't go in alone
If this is all that you know,
Then don't go in alone
