

# I Was A Stranger

Smog

I was a stranger  
When I came to town  
Just yesterday  
I was a stranger  
They don't come much stranger

So why  
Why did you believe  
All every word I said  
Why did you believe  
Believe a stranger  
A stranger

And why do you women in this town  
Let me look at you so bold  
When you have seen what I was  
In the last town  
In the last town  
You should have seen what I was  
If I was a stranger  
I was worse than a stranger  
I was well-known
