

## Spanish Moss

Smog

Anybody else would tell you  
My face is dead  
But I say it's a lie

There's only one road in  
And it's easy  
To miss

It's surrounded by swamps  
With green  
Snakey vines.

Anybody else would tell you  
My face is dead  
But I say it's alive

There's only one road in  
And it's easy  
To miss

It's surrounded by swamps  
With green  
Snakey vines.

Anybody else would tell you  
My face is dead  
But I say it's a lie
