

## The Desert

Smog

I'm crawling through the desert  
Without water or love  
I'm crawling through the desert  
Without water or love  
Then it starts to rain  
Big buckets of rain  
So I open my mouth  
For a kiss  
And to drink the rain  
But it's just an illusion  
Oh it's just an illusion  
Yeah, love's just an illusion  
That keeps you crawling through the desert
