

## When The Power Goes Out

Smog

When the power goes out in the grocery store  
You just take, take, take  
Just take, take, take

New mother with a cart full of pampers  
Out the door and back for more  
See the minor with some cases of beer  
Only the finest, spare no expense here

When the power goes out in the grocery store  
You just take, take, take  
You just take, take, take
