Let Me Know

Smoke Fairies

You've got the power to bring me down
But I've got some sense and I'm going to let it go
I see you coming like a weight of stones
But my destruction is mine to own so...

Let me know
Let me know where I went wrong
I want to know

I see you coming like a weight of bricks
'Cause I want to kiss you after we called it quits
I hate this talk about us letting it go
'Cause I don't want to and you can't so...

Let me know
Let me know where I went wrong
I want to know

You've got a stubborn devouring streak
I feel the chill as the city loses heat
Lights from the high rises flicker on
I see you coming but you're already gone

Let me know
Let me know where I went wrong
I want to know
