

Glow Of Christmas

Smokey River Boys

If you want... the glow of Christmas... this is how you start..
.
Find something to give to someone... and give it with your heart...
If you want the glow of Christmas... and friends seem far away..
..
Try a smile... make life worthwhile... to those you see everyday...

The Bridge

Are you afraid to show your feelings? What have you to hide?
Only a love burning deep inside you... waiting to come outside..
..
So if... if you want... the glow of Christmas... open up your heart...
And find something to do for someone...
And let your Christmas start...

Instrumental Turn-a-round/Modulation

The Crescendo:

If you want... the glow of Christmas... open up your heart...
Find something to do for someone...
Let your Christmas start...
Let... your Christmas... start...
