

# Satisfy You

Smokey Robinson

I would  
If I could  
Find a hundred other undiscovered ways  
To satisfy you

Everyday  
Right away  
When I wake up  
I make up my mind  
To satisfy you

In my Head  
In my Bed  
I'm the only person  
Who knows just what to do  
To satisfy you

Your satisfaction and what you need  
Is important to me  
I'm doing my best  
To plant a seed

So love can grow  
And you can know  
In your Mind in your Body  
In your Heart and Soul  
In life my road  
My Aim my Goal  
Is to satisfy you

Get timing now  
Play  
Yeah

Your satisfaction and what you need  
Is important to me  
I'm doing my best  
To plant a seed

So love can grow  
And you can know  
In your Mind in your Body  
In your Heart and Soul  
In life my road  
My Aim my Goal  
Is to satisfy you
