

And the Night Stood Still

Smokie

I still remember
Oh the night that we first met
the moment you looked in my eyes
I never will forget
And I remember oh the first time that we kissed
Remember thinkin to myself could it really be
like this
And we danced beneath a midnight moon
and I took one look, one look at you
And I fell in love before I knew
And the night stood still
and we moved so sweet, sweet and slow
To the Rythm of the radio
and then your arms reached out and held me close
and the night stood still
I still remember the song that they
were playing then
and if I close my eyes I swear that we're
back there again
Do you remember, Oh the way it used to be
we were two hearts on the run
so young and wild and free
And we danced beneath a midnight moon..
And I remember oh the first time that we kissed
remember thinking to myself
could it really be like this
And we danced beneath a midnight moon
and I took one look, one look at you
and I fell in love beofre i knew
and the night stood stell
And we moved so sweet, sweet and slow
To the rythm of the radio
and then your arms reached out
and held me close
And the night stood still
And we danced beneath a midnight moon...
