

Desperate Measures

Smokie

It's time I had a heart to heart
With this heart of mine
Set it straight if it's not too late
And make it walk the line
I'm runnin' out of time

Desperate love calls for desperate measures
I'm gonna have to turn my life around
Or lose her forever
When push comes to shove
Desperate love calls for desperate measures

I'm gonna do what I should have done
Long before today
Set aside my foolish pride
Whatever it may take
Get down on my knees
And get her, darlin' please, please stay

Desperate love calls for desperate measures
I'm gonna have to turn my life around
Or lose her forever
When push comes to shove
Desperate love calls for desperate measures
