

Home is Anywhere You Are

Smokie

There are times when I feel that life's
Road is endlessly long
But as each day comes to a close
I know where I belong
In your arms I've found a harbour
For my soul
And there's no better place that I know
Cos my

Home is anywhere you are
And your love is always
My direction
Doesn't matter if you're near or far
I will always be there
Home is anywhere you are

Well my mam and papa raised me
Made me what I am
Then you stepped out of my dreams
And you made me a man
Your sweet gift of love
A wonder to behold
When it's time to come in from the cold
I know

Home is anywhere you are
And your love is always
My direction
Doesn't matter if you're near or far
I will always be there
Home is anywhere you are

And I believe that I
Know the meaning of my life
Every time that I look in your eyes
I know

Home is anywhere you are
And your love is always
My direction
Doesn't matter if you're near or far
I will always be there
Home is anywhere you are
